Nuclear Management Company, LLC
Prairie Island Nuclear Generating Plants, Units 1 and 2
1717 Wakonade Drive East
Welch, MN 55089-9642

SUBJECT: PRAIRIE ISLAND NUCLEAR GENERATING PLANTS, UNITS 1 AND 2 -
CORRECTION TO ADMINISTRATIVE CHANGE TO FACILITY OPERATING
LICENSE PURSUANT TO COMMISSION ORDER EA-03-086 REGARDING
REVISED DESIGN BASIS THREAT (DBT); AND REVISIONS TO PHYSICAL
SECURITY PLAN, TRAINING AND QUALIFICATION PLAN, AND
SAFEGUARDS CONTINGENCY PLAN (TAC NOS. MC2959 AND MC2960)

Dear Mr. Solymossy:

By letter dated October 28, 2004, the Nuclear Regulatory Commission (NRC) issued an administrative change to Prairie Island Nuclear Generating Plants, Units 1 and 2 (Prairie Island) Facility Operating Licenses (DPR-42 and DPR-60, respectively) to incorporate the reference to the recently-revised physical security plan, training and qualification plan, and safeguards contingency plan.

Your staff identified a number of inconsistencies between the October 28, 2004, safety evaluation (SE) documenting staff approval of your revised security plans, and your revised plans. The NRC staff has reviewed the inconsistencies your staff identified and determined that some changes were appropriate to clarify the basis for the NRC staff's review and to be consistent with your revised security plans. The clarification you sought on page 35 of the SE was not made because the language in the SE is consistent with your revised plan. Although your staff did not specifically identify a change needed to the SE, the markup provided relating to Section 19.2.1 of your revised physical security plan resulted in a change to page 61 of the SE. Based on the markups provided to pages 47, 48, and 100, the NRC staff revised the SE to provide the requested clarification.

NOTICE: The Enclosure contains Safeguards Information. Upon separation from the Enclosure this letter is DECONTROLLED.

SAFEGUARDS INFORMATION

J. M. Solymossy
