Subject: Request for Renewal of Certificate of Compliance No. 71-9217 for the  
Model No. ANF-250 Package

Dear Mr. Monninger

Per the provisions of 10 CFR 71.38, Framatome-ANP, Inc., an AREVA and Siemens Company, formally requests a renewal of Certificate of Compliance No. 71-9217 for the Model No. ANF-250 package. The expiration date of the current certificate is June 30, 2005. The current package configuration, as demonstrated in the existing submittal application, was retested during 1987 – 1988 in order to demonstrate compliance with the IAEA 1985 regulations.

In addition, FANP requests changes to the certificate for clarification purposes. The last sentence on page 2 should refer to section 5(a)(3)(iii) instead of 5(a)(b)(ii). The last sentence in section 5(b)(2)(ii) should refer to 5(a)(3)(ii) instead of 5(a)(3)(iii). The last sentence in 5(b)(2)(iii) should refer to 5(a)(3)(ii) instead of 5(a)(3)(iii). Finally the last sentence in 5(b)(iv) should refer to 5(a)(3)(iii) instead of 5(a)(3)(ii).

If you or your staff have any questions, require additional information, or wish to discuss this further, please contact me at 423-735-4018. Please reference our unique document identification number in any correspondence concerning this letter.

Sincerely,

Framatome-ANP, Inc., an AREVA and Siemens Company
