Re: License number 29-28341-02MD

To whom it may concern:

On behalf of Medi-Physics, Inc.. I would like to request the following changes to the above referenced license:

1. For prolonged periods of absence the Radiation Safety Officer named in license condition 11D shall appoint an alternate RSO. The alternate RSO shall be an authorized nuclear pharmacist and will assume the responsibilities of the RSO during these time periods.
2. Please remove condition 11C from the license. Supervised individuals will be instructed and have their work reviewed in accordance with 35.25(b).

Additionally, I would like to inform you that John Marzocca will take a leave of absence beginning on September 5, 1995 . His anticipated date of return will be April 1, 1996. During this time period John C Carr has been named alternate RSO and will assume the duties of the Radiation Safety Officer.

A check for \$500.00 to defray the cost of this amendment will follow. Thank you for your assistance and if you have any questions please do not hesitate to contact me at the number listed above, extension 381.

Sincerely,

Paula C. Jeter
Sr. Health Physicist
