Re: License number 29-28341-02MD

To whom it may concern:

On behalf of Medi-Physics Inc., license number 29-28341-02MD, I would like to make the following changes;

Please change condition 11 D., The radiation safety officer to John Marzocca.

Please amend the above reference license to allow repackaging of I-125 brachytherapy sources (seeds) for redistribution to authorized recipients. The sources will be loaded into cartridges at the pharmacy and then shipped to authorized recipients in accordance with the Department of Transportation requirements.

Please add Richard Becker as an authorized nuclear pharmacist. Mr Becker is an authorized nuclear pharmacist list on NRC license 37-27830-02MD (enclosed).

Please find a check enclosed for the sum of \$500.00 to defer the cost of a license amendment, and if you have any questions, please do not hesitate to call.

Sincerely,

John C. Carr
Radiation Safety Officer
