**Discussion:**

Three Mile Island Site Vice President Bruce Williams announced his retirement from AmerGen. Mr. Russell West, the current Exelon Vice President of Nuclear Oversight (NOS), will replace Mr. Bruce Williams effective immediately. However, Mr. Williams will remain at Three Mile Island through the month of January to ensure a smooth turnover. The new NOS Vice President will be named in the near future.

Mr. Russell "Rusty" West joined Exelon Nuclear in April 2002 and held the position of Site Vice President at Peach Bottom prior to assuming his current position in NOS. Before coming to Exelon, Mr. West held several management positions with Florida Power & Light at the St. Lucie and Turkey Point Nuclear Power Stations.
