**RE: Renewal of License 45-16209-02
Docket No. 03014703
Control No. 135258**

Dear Ms. Beardsley:

In response to your recent question regarding our license renewal, we would like to remove the Pines Nursing Center from our license.

As best as we can determine, there may have been bone injections (pre-imaging) in the 1980s but nothing has been done in the Pines Nursing Center in the last 15 years. No sources were ever used nor were any therapies carried out in this facility. No closeout survey was ever performed, and doing one at this point in time seems unnecessary considering the time span that has passed. We would like to request that this facility be removed from our license.

If you have any questions regarding this renewal please contact Maureen Green at (757) 259-6074.

Sincerely

Robert L. Graves, FACHE
Vice President and Administrator
