OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Secretary, U.S. Nuclear Regulatory Commission

Dear Secretary,

I am fully in favor of the petition for rulemaking (docket number PRM-73-12) dated July 23, 2004 and filed by Daniel Hirsch. Please amend your DBT regulations as recommended by the petition. We feel very much "at risk" because of the exposure and vulnerability of our nuclear reactors. The added protection would be very welcome and well worth the cost.

Thank you,
William Coomber
