Subject: FW: agenda for NRC meeting

Rick,

Following is a proposed agenda for the requested full day meeting at NRC on Jan. 27th. We would appreciate if NRC would support a meeting with Entergy regarding the Steam Dryers, as discussed on the 12/21 call between VY and NRR.

We would like this to be an interactive working meeting (maybe from 8 a.m. - 4 p.m.)

- Morning:
- * Steam dryer power ascension test plan (45 mins)
 - * Approach and methodology for steam dryer analyses (45 mins)
 - * Benchmarking of acoustic analysis (1 hour)
 - * Computational fluid dynamics analysis (1 hour)
- After lunch:
- * Preliminary analytical results (subject to availability) (1 hour)
 - * Status (RAIs, etc.)
 - * Discussion of action items

Thanks,
Ronda
