Mr. Stephen M. Quennoz, Vice President
Power Supply/Generation
Portland General Electric Company
Trojan Nuclear Plant
71760 Columbia River Highway
Rainier, Oregon 97048

SUBJECT: ACCEPTANCE OF APPLICATION FOR TERMINATION OF TROJAN
NUCLEAR PLANT FACILITY OPERATING LICENSE NO. NPF-1

Dear Mr. Quennoz:

On December 20, 2004, Portland General Electric Company (PGE) submitted the Trojan Nuclear Plant (TNP) Co-Owners' application for termination of the TNP Facility Operating License No. NPF-1 (ADAMS Accession No. ML0500300540). The U.S. Nuclear Regulatory Commission (NRC) staff has completed its acceptance review of the application and concludes that the application contains sufficient information to conduct a detailed technical review. The staff will complete its review and respond in writing by March 31, 2005.

Please note that on October 25, 2004, the NRC suspended public access to ADAMS, and initiated an additional security review of publicly available documents to ensure that potentially sensitive information is removed from the ADAMS database accessible through the NRC's web site. Interested members of the public may obtain copies of the referenced documents for review and/or copying by contacting the Public Document Room pending resumption of public access to ADAMS. The NRC Public Document Room is located at NRC Headquarters in Rockville, MD, and can be contacted at 800-397-4209 or 301-415-4737 or pdr@nrc.gov.

If you have any questions concerning the evaluation, please contact me at (301) 415-6607.

Sincerely,

/RA/
