Subject: Re: Transportation security letter response?

Mary, Rocky -

Eastman Kodak does NOT plan to ship, receive, or transport quantities greater than those identified in Table 1.1 of the correspondence dated November 3, 2004.

Please contact me if you need additional information.

Subject: Transportation security letter response?

Hi Joseph,

NRC sent a letter to fuel cycle licensees, dated November 3, 2004, about pending enhanced security requirements for the transportation of certain radioactive materials. The letter was signed by Robert C. Pierson, Director of the Division of Fuel Cycle Safety and Safeguards.

That letter required a response within 10 days, informing NRC whether you do or do not intend to ship, receive, or transport radioactive material quantities greater than those identified in an enclosure to the letter.

I can't seem to find Kodak's response to that November 3, 2004, letter.

Please let me know if Kodak did respond to the November 3, 2004, letter, and to whom you sent it. If you could fax me a copy, that would be very helpful. My fax is 301-415-5955.

Thanks,
Mary
