The NRC's Office of International Programs did not locate any records "relating to UK representations to the United States over the transportation of Plutonium which left Charleston on 09/20/04, en route to Cherbourg," France. Staff has suggested that you may wish to contact either the U.S. Department of State or the U.S. Department of Energy as contacts with foreign governments regarding such export-related matters are handled by these agencies. A contact for each agency follows.
