SUBJECT: TEMPLE UNIVERSITY, ACCEPTANCE OF NOTIFICATION, AMENDMENT
NOT NEEDED, CONTROL NO. 135931

Dear Dr. Grant:

Thank you for your letter dated October 25, 2004. In this letter you informed us that the facility at 3322 North Broad Street was decommissioned and released for unrestricted use. Detailed survey results were not submitted with your letter, however, you noted that "nothing above background levels was detected." We understand that you would like to maintain the facility as a location of use for future licensed activities, and have therefore not amended your license to remove this facility at this time. Although an amendment is not needed, 10 CFR 30.35 requires that you maintain records important to decommissioning, including the survey results, until the license is terminated. These records will be reviewed at a future inspection.

Your cooperation is appreciated.

Sincerely,
