Licensee/Applicant Participant(s):		Organization:	Telephone No.:
Richard Fliszar, Radiation Protection Officer		Department of the Army, Picatinny Arsenal	973-724-3126
Person(s) Calling: Jim Dwyer			
Subject: Voiding of actions to release facilities at the Picatinny Arsenal			
Summary:			
<p>NRC sent a request for additional information to the licensee on September 15, 2004. Mr. Fliszar said in late October 2004, his contractor provided him with information that is supposed to be responsive to our request but only yesterday was he able to find the time to begin his review of the information. Because the action is already one year old, I told Mr. Fliszar that we would void the original actions while he is completing his review and we would initiate a new action when his response was submitted. Mr. Fliszar was agreeable to voiding the two actions.</p>			
Action Required/Taken: Submitted the forms to Becky Junod necessary to void Mail Control Numbers 134316 and 134317.
