Subject: Response to Information Request for Significance Determination Process Risk-Informed Inspection Notebook and Information Request for Next Revision

In the referenced letter, the NRC requested plant-specific information to support revision of the risk-informed notebooks used to support the NRC's Significance Determination Process (SDP). Attachment 1 is a summary of comments. Enclosure 1 is a Compact Disc that provides the requested information.

As stated in the September 23, 2004, NRC request for information, the NRC has made a preliminary determination, in accordance with the provisions of 10 CFR 2.390 of Title 10 of the Code of Federal Regulations, that the information requested and the SDP notebooks may relate to a plant's physical protection. In accordance with this determination, this information has been marked as "proprietary information" and should be withheld from public disclosure.
