To the NRC: I remember watching a program on the potential threat of terrorism by Islamic terrorist pre 911 and thinking....so what is being done. 911 happened and I had my answer. How is it possible that we are spending billions in Iraq to protect us from terrorism when our vulnerability at home is so obvious. Living within 100 miles of the Trojan Power Plant on the Columbia I am again wondering....so what is being done. Those of you responsible can not allow a nuclear disaster to happen. Remove those rose-colored glasses. I beg of you to take THE MAXIMUM AMOUNT OF ACTION on securing America's nuclear sites. Bin Laden and his followers are not through with us yet according to the Arab leaders warning us ... LAST NIGHT. What are you waiting for????
