<b>Subject:</b> Non-receipt of a renewal application or termination request.		
<p><u>Summary:</u> 1/6/2005 I left a message on Thomas Randall's voice-mail (i.e., the Radiation Safety Officer) for him to get back in touch with me because their license was expiring and a request to renew the license had not been received.</p> <p>1/14/05 Bruce Hicks of PSEG Services called (973-761-1003). He was Mr. Randall's supervisor and wanted to know what they had to do since they had not sent in the renewal application. Mr. Randall was out on vacation and had not put together the package. I told Mr. Hicks that a letter could be drafted for signature by management informing the Commission that the licensee wished the license to be renewed but was still in the process of putting together the renewal application. Mr. Hicks committed to sending in the letter prior to January 31, 2005.</p>
