

18. REVIEW BY THE ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

The Advisory Committee on Reactor Safeguards (ACRS) will review the application for an early site permit (ESP) at the Grand Gulf ESP site, as well as this draft safety evaluation report (DSER). The staff intends to issue a final safety evaluation report (FSER) after resolution of open items discussed in this DSER and after receipt of the ACRS report to the Commission relative to its review. The FSER will append a copy of the ACRS report and will address each comment and recommendation. The FSER will also describe steps the staff has taken or plans to take to resolve any issues raised as a result of the ACRS review.

19. CONCLUSIONS

The staff will provide its conclusions on the review of the Grand Gulf early site permit application in the final safety evaluation report.
