Date: Wed, Jan 19, 2005 11:14 PM
Subject: Nuclear facility safety

We desperately need stronger safety measures put in place to protect our nuclear generating plants and spent fuel. Out nuclear industry is an accident waiting to happen on a massive scale.

During the Clinton administration, steps were taken to identify and improve the situation. The industry has stonewalled those efforts. It is time to think of our common good and put those safety measures into play. We need the DBT!!!!

Dwight & Peggy Hilpman
