SUBJECT: PREMCOR DELAWARE CITY REFINERY, VOIDANCE OF REQUEST FOR
LICENSE AMENDMENT, CONTROL NO. 136241

Dear Mr. Pollauf:

This concerns the subject request for an Amendment to your material license. The NRC currently does not recognize alternate or assistant RSO's. The individual listed on an NRC license as the RSO is the individual responsible for overseeing the entire radiation safety program. However, the RSO may delegate certain tasks to other qualified individuals. The RSO must confirm that those delegated tasks were performed as required and in compliance with NRC regulations and your NRC license. We have, therefore, voided your request. This action is taken without prejudice to the resubmission of your request.

Sincerely,

Original signed by Judith A. Joustra
