RE: License No. 29-03089-01

03002466

To Whom It May Concern:

Somerset Medical Center would like to amend our radioactive materials license in the following manner:

Camera Room one will be re-located to the second floor in the Cardiology Services Department. Attachment A demonstrates the current location of Room One. Attachment B is the floor plan for the new location and Attachment C gives the layout of the new Gamma Camera Room to be used for Nuclear Cardiac testing. Please add this area of use to our radioactive material license. A closeout survey of Room One has been performed and is on file in the Nuclear Medicine Department.

If you have any questions or require additional information concerning this amendment request, please contact us.

Sincerely,

Michael A. Medina  
Assistant V.P. of Operations & Imaging Services
