Re: NRC License 29-30058-01

Dear Mr. Perkins,

During a recent inspection of my records by NRC's Mr. Richard Ladun, I was given your contact information regarding possible additions to my NRC license (29-30058-01).

Two of my employees have nearly identical training and experience as me in dealing with sealed source nuclear devices and I would like to have them added to my license as "Authorized Users". For a period of 3 months I will closely supervise their activities and will of course remain the primary contact for this license. I will annually review the requirements of the license with them and include this information in my *Annual Audit Report*. If added to the license, they will both be issued dosimetry devices which will be read periodically.

The employees are: Mr. Karl Liebmann and Mr. Michael Bray

Please do not hesitate to contact me if you have any questions regarding this request.

Sincerely,

Harry Bryant  
President/RSO
