INFORMATION CONCERNING APPLICATION FOR AMENDMENT TO
LICENSE, CONTROL NO. 136196

Dear Mr. Nagle:

This is in reference to your letter dated March 8, 2004 and received on December 27, 2004, requesting to amend Nuclear Regulatory Commission License No. 47-23771-01 due to a change in your mailing address. We understand that your program has not changed; however, our licensing process has been streamlined. Please resubmit your application using the guidance in NUREG-1556, Volume 1, Revision 1, "Program-Specific Guidance About Portable Gauge Licenses" (enclosed). The checklist in Appendix B in NUREG-1556, Volume 1, Rev. 1, contains procedures that are acceptable to the NRC and may be used to submit your response.

Please note that on October 25, 2004, the NRC suspended public access to ADAMS, and initiated an additional security review of publicly available documents to ensure that potentially sensitive information is removed from the ADAMS database accessible through the NRC's web site. Interested members of the public may obtain copies of the referenced documents for review and/or copying by contacting the NRC Public Document Room pending resumption of public access to ADAMS. The NRC Public Document Room is located at NRC Headquarters in Rockville, MD, and can be contacted at 800-397-4209 or 301-415-4737 or pdr@nrc.gov.

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 136196. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5371.
