Subject: Office of Enforcement Assistance with Dingell-Markey GT

Rani,

Attached is a matrix with the Enforcement section of the questions. We would like more than just a concurrence on the overall effort by OE, their participation is very much needed and appreciated. The Task Force would like to have a dedicated OE representative to actual lead the reply to the Congressmen in this area. Please inform Jim that I would like to meet with him and you to discuss this, if my proposal meets with his approval.
