RE: Cintrol # 136251

Dear Ms. Beardsley:

This is to answer/confirm several questions regarding the new application for the Nuclear Medicine laboratory.

1. Currently I am the RSO for the following medical licenses.

Hermanos Melendez Hospital NRC: 52-23044-01

Caribe Medical Plaza NRC 52-255591-01

2. List of equipment for radiation protection that is currently present in the laboratory:

Mennonite Hospital in Aibonito

Wipe test counters

Deluxe wipe test counter

Well counter that is connected to a PC

Survey meters

Ludlum 14C

Biodex

L-block for preparation and handling of unit doses

Dose calibrator

Shielded waste storage inside the hot lab

Mennonite Hospital in Cayey

Wipe test counters

Well counter that is connected to a Ludlum 2241-2

Well counter that is connected to a PC will be purchased

136251

HMSS/RGNI MATERIALS-002

Survey meters
Ludlum 14C
Biodex 14C

L-block for preparation and handling of unit doses

Dose calibrator

Shielded waste storage inside the hot lab

If you need further information, please feel free to contact me at (787) 245-7248.

Sincerely,

David Rhoe.
