To Whom It May Concern:

This letter is a follow up to the phone report made to Bill Huffman on November 11, 2004, event # 41190. At 6:30 on November 11, 2004 we experienced a stuck shutter on our Ohmart OD-120 base gauge. All necessary preventions were taken to limit exposure, and a call was made to Honeywell/Measurex for a service man to repair. All repairs were completed by 2:50 PM on November 11, 2004 and gauge returned to service with no further problems.

Thank You,

Michael Dickey, RSO
