Dear Mr. Shriver:

The purpose of this letter is to confirm the final arrangements for the upcoming operator retake licensing examinations at Susquehanna Steam Electric Station, Units 1 and 2.

The NRC has completed its review of the operator license applications submitted in connection with this examination and separately provided a list of approved applicants to Mr. Kenneth Roush, Training Manager. Note that any examination waivers and application denials have been addressed in separate correspondence.

The NRC staff will administer the operating tests during the week of January 31, 2005.

Please contact your Chief Examiner, John Caruso at 610-337-5389, if you have any questions or identify any errors or changes in the license level (RO or SRO) or type of examination (partial or complete written examination and/or operating test) specified for each applicant.

Sincerely,

/RA/
