In the Matter of
LOUISIANA ENERGY SERVICES, L.P.
(National Enrichment Facility)
Docket No. 70-3103-ML

Dear Administrative Judges:

Attached please find revised NRC Staff direct testimony concerning Nuclear Information and Resource Service and Public Citizen ("NIRS/PC") Environmental Contentions 1, 2, 4, and 7 (EC-1, EC-2, EC-4, and EC-7). Pursuant to the Section B.2. of the Licensing Board's Order dated January 18, 2005, the Staff has renumbered its exhibits sequentially without reference to a contention or witness. These versions of our direct testimony reflect the revised exhibit numbers. In addition, a numbering error in questions and answers 18 - 22 in the testimony relating to Contention 4 has been corrected. Please substitute these versions for those which were originally filed on January 7, 2005.

Also attached are a cover page and page 4-11 of NRC Staff Exhibit 11, the August 2004 version of *Section VI Geology Report for Waste Control Specialists LLC, Andrews, Texas, Cook-Joyce, Inc. & Intera, Inc.* In the Staff exhibits filed on January 7, 2005, the Staff
