DOCKET NUMBER
PETITION RULE PRM 73-12
(69 FR 64690)

Please accept this email as strong support for increased regulation to further secure our nuclear plants from terrorist attacks. Ever since the attacks on 9/11, I have always felt that a true terrorist strike at one of these facilities would potentially be the worse type America could ever face.

Thank you for your efforts in helping to keep America safe.

Greg Fath
