DOCKET NUMBER
PETITION RULE PRM 73-12
(69FR 64690)

Dear Sir or Madam:

We would like to support the Petition for Rulemaking by the Committee to Bridge the Gap (CBG) to upgrade protections against terrorist attacks on nuclear facilities. Currently, the safeguards at nuclear facilities are woefully inadequate to protect against an attack by terrorists by airplane or other missiles. The damage from such an attack to a nuclear facility could result in releases of radioactive material that could result in the deaths and injuries to possibly hundreds of thousands of people. Our nuclear facilities should be protected from all threats.

Sincerely,

Roy and Carolyn Treadway
