Dear Mr. Green:

This letter and the enclosed NRC Form 591M refer to the inspection conducted on January 25 and 27, 2005, at your facility in Las Vegas, Nevada. This inspection was an examination of activities conducted under the authority of Byproduct Materials License 27-23901-01E as they relate to safety and compliance with the Commission's rules and regulations and with the conditions of the license. At the conclusion of the inspection, an exit briefing to discuss the inspection findings was conducted with you and Messrs. Brambaugh and Beghtol of your staff.

Within the scope of this inspection, no violations were identified; therefore, no response to this letter or the enclosed NRC Form 591M is required.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Please note that on October 25, 2004, the NRC suspended public access to ADAMS, and initiated an additional security review of publicly available documents to ensure that potentially sensitive information was removed from public accessibility through the NRC's web site. This letter and its enclosure have been reviewed and determined not to be made available to the public. However, interested members of the public may obtain copies of this letter and its enclosure under the Freedom of Information Act, as set forth in Title 5, Section 552, of the United States Code (5 U.S.C. 552), as amended.

Should you have any questions concerning this inspection, please contact me at (817) 860-8217 or Mr. Jeffrey Cruz at (817) 860-8287.

Sincerely,

/RA/
