In the Matter of
SYSTEM ENERGY RESOURCES, INC.
(Early Site Permit for Grand Gulf ESP site)
Docket No. 52-009-ESP

Dear Administrative Judges:

This is to inform you that additional material has been restored to the public Citrix-based version of the ADAMS Publicly Available Records System ("PARS"). The restored version of PARS includes the docketed material related to the three pending applications for early site permits ("ESPs") under 10 C.F.R. Part 52. Specifically, documents contained in the Grand Gulf ESP docket, 52-009, are now available through the Citrix-based version of PARS. As noted in our November 17, 2004, letter to the Licensing Board, access to the Electronic Hearing Docket ("EHD") was previously restored. Certain other dockets and non-docketed material remain inaccessible, pending completion of additional security reviews by agency experts.

The Staff continues to work to restore access to all documents at the earliest possible time. We will keep you and the participants informed as this effort progresses.

Sincerely,

for

Antonio Fernández
Counsel for NRC Staff
