DOCKET NUMBER  
PETITION FILE PRM 73-12  
(6AFR 64690)

Sirs,

The nation's nuclear power stations are extremely well protected. It would be foolish to devote additional resources to making miniscule enhancements to already robust security.

It would be far better to focus our resources on strengthening the rest of the nation's infrastructure.

Thank you.

Respectfully,  
Karl R. Neddenien
