<b>Licensee Contact:</b> see below	<b>Telephone No:</b>	
<b>NRC Contact:</b> Betsy Ullrich	<b>Telephone No:</b> 610-337-5040	
<b>Subject:</b> Gammator SN1076		
<p>I contacted all the RSOs at Aberdeen Proving Ground to confirm if they do or do not have any current or historical knowledge of possession a Gammator. According to Isomedix files, Gammator SN 1076 was sent to 'Aberdeen Proving Ground' but no other contact information was available.</p> <p>Bethany Hope Webb, CHPPM, LN 19-09880-01 etc, 410-436-7602. 9/30/04 She returned my voice mail message, stating that all the items they have do NOT match the description of a gammator. As far as she knows, they never had a gammator under any of the CHPPM licenses.</p> <p>Gary Wright, SBCCOM now RDECOM, LN 19-10306-01, -02, 410-436-2286 9/30/04 Gary Wright returned my call, confirmed that they have no Cs137 irradiators, and none in the past to the best of his knowledge.</p> <p>Richard Markland, ARL, LN 19-12056-02, -03 etc, 410-278-6354 10/04 returned call after return from vacation, left message that no current or past gammator to his recollection.</p> <p>John Beckman, ATC, LN 19-00294-23, -19 etc, 410-278-9618 He recalled several large sources in devices that were disposed of from the Edgewood area, but could not confirm that any of them were a gammator. He was not aware of any RAMCO gammators at ATC facilities.</p> <p>Benjamin Casole, AMRICD, LN 19-00294-24, 410-436-1780 9/30/04 He left a message for me, that he does not recall any gammator or RAMCO irradiator at his facilities.</p> <p>Matt Wiherle, APG Post RSO (no license), 410-306-2256 9/30/04 Discussed the issue with him. He requested an email description of the device, and said he would discuss the issue at a meeting of all RSOs on November 10.. He has been at APG since 1967 but not involved in radiation safety until 1994.</p>		
<b>Action Required/Taken:</b> to LAT for inclusion in ADAMS gammator folder
