Subject: License facility status.		
Summary: 09:30 I left a message on Dr. Greenblatt's voice-mail for him to get back in touch with me concerning the licensee's amendment request. 13:40 Dr. Greenblatt returned my call. I informed her that there would be no need to shut down their program as stated in their letter to the Commission. 10 CFR 35.13 allows a physician to perform the duties of an authorized user based on their being named as an authorized user for the modalities on the requester's license. Patrick Conte, M.D. was authorized on NRC LN 29-06759-01 within the past seven years for the modalities on Teaneck Radiology Center's license. The letter serves as the required notification and the licensee need not shut down its program until the license amendment is issued. I thanked Dr. Greenblatt for her patience during the renewal process.
