Dear Dr. Zickgraf:

This refers to Amendment No. 53 to your NRC Material License No. 13-01148-01, issued on December 17, 2004. It has come to our attention that this amendment contained errors in the authorizations for Drs. Kenney, Lee and Hoess. These three doctors were inadvertently authorized for the use of materials in 10 CFR 35.500, although materials in 10 CFR 35.500 are not authorized by your license.

Enclosed is a corrected copy of Amendment No. 53 adjusting the authorizations for Drs. Kenney, Lee and Hoess to no longer reflect authority for the use of materials in 10 CFR 35.500.

We apologize for any inconvenience this may have caused you.

Please note that on October 25, 2004, the NRC suspended public access to ADAMS, and initiated an additional security review of publicly available documents to ensure that potentially sensitive information is removed from the ADAMS database accessible through the NRC's web site. Interested members of the public may obtain copies of the referenced documents for review and/or copying by contacting the Public Document Room pending resumption of public access to ADAMS.

The NRC Public Document Room is located at NRC Headquarters in Rockville, MD, and can be contacted at 800-397-4209 or 301-415-4737 or pdr@nrc.gov.

Sincerely,

A handwritten signature in cursive script that reads "Colleen Carol Casey".
