03035334

Dear Mr. Kinneman,

This is to request that the Linguagen Inc. NRC License 29-30560-01 be amended. Ms. Stacy Carlucci, the previous Radiation Safety Officer, has left the company to pursue a MS in biology. The changes are listed below:

Radiation Safety Officer changes from Stacy Carlucci, B.S. to Cynthia Hendrix B.S. Ms. Hendrix has worked with radioactive materials and assisted Stacy Carlucci in administering the radiation safety program at Linguagen. In addition, she recently attended the 40 hour radiation safety officer training course offered by CSI, Inc. from January 10-14, 2005. This course offers required and elective classes to meet provisions of 10 CFR 33.15. Course topics included:

1. Overview, Radiation Fundamentals
2. Radiation Protections Standards, 10 CFR Part 19 and 20
3. License Applications and Amendments
4. Sealed Sources & Industrial Guages
5. Radiation Safety Surveys
6. Radioactive Waste Management, Mixed Wastes, Wastes Manifests

Dr. Kyle Palmer, who has extensive radioisotope experience as noted in our previous letters to you dated August 31, 2004, and November 23, 2004, is Ms. Hendrix's supervisor, and also was Stacy Carlucci's supervisor. Accordingly, we expect this to be a smooth transition.

If you need further information, please contact me at (609) 860-1500.

Sincerely,

Robert Bryant, Ph.D.
Vice President, Discovery Research
Linguagen Corporation
