<b>Subject:</b> termination information for license		
<p>Mr. Harton did receive my email and my telephone messages, and has been working to find the needed information. He downloaded a copy of the Disposition form (314). He confirmed that all material was disposed of several months ago.</p> <p>Because all of their licensed materials had half-lives less than 120 days, I told him that he could provide the limited survey information: approximately 30 wipes of the laboratory, and scans of the work areas with a survey meter. He stated that they send all wipes out for analysis. I agreed that, if he has survey information that ws of the laboratory since the time work was stopped and waste was disposed of, he can provide that information and does not have to take new wipes.</p>		
<b>Action Required/Taken:</b> Copy of telecon to LAT for inclusion in ADAMS package.
