Dear Kathy Modes:

As per our telephone voice messages of today, please see the following statement:

IA Construction Corporation always stored nuclear gauge material at 158 Lindsay Road, Zelienople, PA

A letter dated January 11, 2005 was sent to Donna M. Janda of NRC identified that our license #37-20961-01, Docket No. 030-22156 needs amended as per the following:

Item: 2: Licenses Address needs changed to read: 158 Lindsay Road, Zelienople, PA 16063
(Note: The old address for the Licensee Address was 2100 Garden Drive, Suite 250, Seven Fields, PA)

Item 10: Addresses where licensed material will be stored at the licensee's facilities:

The current license shows an address of 128 Lindsay Road, Zelienople, Pennsylvania.

This was a typo. The address should be 158 Lindsay Road, Zelienople, Pennsylvania

These amendments are for an address change only.

These amendments do not involve any changes regarding any nuclear gauge material being stored at this site.

Please contact me at (724) 479-2990, should you need additional information.

Thank you,

Wanda Covatch, Env. Coord./Radiation Officer
