**Re: Request for Termination of Materials License 24-17152-02**

**Dear Ms Pelke,**

**On November 17, 2004, we submitted a Final status report supporting our request for the subject license termination. We write requesting any information you can supply regarding the status of that request. Our lease at this facility expires at the end of March and it is our intent to vacate the facility at that time. This decision is pending based on our lack of information on license termination. It is also not possible for our landlords to schedule or announce the availability of our space until we know if and when our license will be terminated. We are available at any time to discuss, supplement, or clarify our report and, if necessary, to visit your offices to do so. We will greatly appreciate any information you can supply on this matter.**

**We are copying Peter Lee of the Decommissioning Branch on this letter. If either of you has questions for us or information you wish to furnish us, please call me at (314) 426-0880 or email me at [mgricevi@maximusa.com](mailto:mgricevi@maximusa.com). Thanks.**

Sincerely,

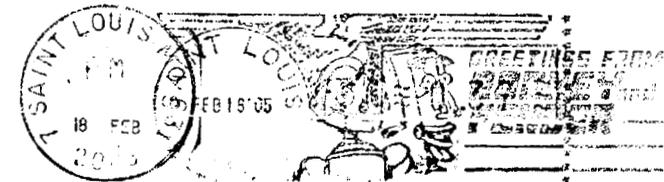

**Max Gricevich  
Office Manager, St.Louis**
