Response to Information Request for Next Revision of Significance Determination
Process Risk-Informed Inspection Notebook

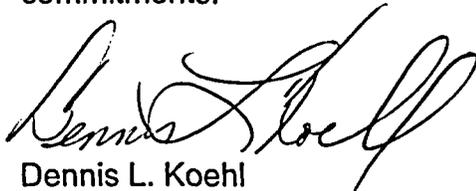

References: 1) Letter from NRC to Jim Masterlark dated August 19, 2004.
2) Letter from NMC to NRC dated September 20, 2004 (NRC 2004-0096).

In Reference 1, Nuclear Regulatory Commission (NRC) staff requested plant-specific information for Point Beach Nuclear Plant (PBNP) regarding the significance determination process (SDP) risk-informed inspection notebook. Reference 2 submitted our intent to provide the requested information to the NRC by February 14, 2005.

Enclosure 1 to this letter contains the requested information. Also enclosed in this letter is a CD-ROM containing the plant-specific information requested for PBNP.

As stated in the August 19, 2004, NRC request for information, the NRC has made a preliminary determination, in accordance with the provisions of 10 CFR 2.390 of Title 10 of the Code of Federal Regulations, that the information requested and the SDP notebooks may relate to a plant's physical protection. In accordance with this determination, this information has been marked as "proprietary information" and should be withheld from public disclosure.

This letter contains no new regulatory commitments or revisions to existing commitments.
