

ATL TEAM

PERSONAL COMMUNICATION NOTES

DATE: 1 / 24 / 2005 TIME: 5 pm PROJECT TITLE: LES EIS for NM

BETWEEN: Robert Wallach, President OF: Wallach Concrete, Inc.

LOCATION: Eunice, NM TELEPHONE No.: (505) 392-5204

AND: Milton Gorden of ATL Team (the caller) TELEPHONE No.: (301) 515-6781

DISCUSSION:

Mr. Wallach was contacted to determine the source of the water for the stocked pond at Wallach Concrete. He stated that the water level in the pond is maintained with trapped rainwater and pumped water from wells that Wallach Concrete has on Highway 18 and from city water that Wallach Concrete also uses for operations. The source of the city water are wells on the west side of Highway 18. Upon being questioned regarding possible seepage in a separate pit, he stated that there was a pit on the northwest side of Wallach Concrete that does seep ground water.
