Subject: Amendment request			
<p>Summary:</p> <p>This telephone record documents various telephone conversations and e-mails.</p> <p>1) Question: Your request states that Dr. Hammoudah will begin work on March 1 and Mr. Chen will discontinue working under your license on March 11. We will attempt to issue this amendment before Dr. Hammoudah's starting date. Will Dr. Hammoudah perform all authorized medical physicist (AMP) duties after March 1, or will Mr. Chen continue to act as AMP from March 1-11?</p> <p><b>Response: Please do not remove Mr. Chen's name from the license in the current amendment. We will submit a notification after he discontinues AMP duties.</b></p> <p>2) Question: Your license needs to be updated to list users for non-medical sealed sources, including depleted uranium shielding, Sr-90 calibration source, and old Am-241 source in storage. Please specify users for each.</p> <p><b>Response: Please list Drs. Proulx and Gergel for depleted uranium, and Dr. Durakovic, the RSO, for the other two sources.</b></p>			
Action Required/Taken: Issue amendment
