Sorry everyone,

Please use the file that is attached with this e-mail instead of the first one I sent. There was an error I forgot to correct. I just made the new file R2. The original message is duplicated below. John

"Hi Everyone,

Attached is a draft of a summary of the first expert elicitation session held on April 1 and 2, 2004. Everyone is welcome to review as desired and comment on any aspects of the summary. We ask that each expert panel member review our summary of their expertise and their judgments on the example actions as soon as possible. Please let us know if there are any important inaccuracies or misunderstandings. Comments on our summary of the issues/discussions/conclusions etc. that occurred during the meeting are also welcome. Did we forget anything important?

Thanks,

John (and Alan)"
