Synopsis	I asked Charlene what documents Dr Matula had received that she no longer wished to receive. Charlene stated she was not aware Dr. Matula was receiving NRC publications until she asked to be removed from the mailing list. I told Charlene I could not find Dr. Matula's name in LTS and I was unaware of any publications which were being sent. Charlene stated she did not know what type of documents Dr. Matula had received and stated she did not believe this was a problem and nothing needed to be done. Based on this, I am voiding this action at this time.
