Mail Control No.: N/A Inspection No.: N/A	License No.: 29-19862-01	Docket No.: 030-19337
Person Called: Mark S. Kaufman, Radiation Safety Officer	Licensee: HNTB Corporation	Telephone No.: 732-920-1881
Person Calling: Steven Courtemanche/(610) 337-5075		
Subject: Non-receipt of renewal application.		
<u>Summary:</u> I spoke with Mr. Kaufman about the status of their program. He indicated that they are in the process of transferring the portable gauges to another company. The inspector mentioned that they might want to transfer the gauges back in 2001 and they are just starting the process. I informed Mr. Kaufman that the process might take longer than the term of the license which is due to expire on March 31, 2005. In order to not possess licensed material beyond the term of the license while still possessing licensed material, the licensee should send in a request to renew the license for storage only prior to disposal. Mr. Kaufman agreed to send in the request before the end of next week.		
Action Required/Taken: Place into ADAMS.
