Subject: Sequoyah Fuels Corporation, Docket – 40-8027
Response to Request For Additional Information – Ground Water
Corrective Action Plan (TAC L52528)

Dear Mike,

In a letter dated 1/6/05, SFC committed to provide a response to your request for additional information (RAI) on the Ground Water Corrective Action Plan (GWCAP) by March 1, 2005. The RAI requires work on the ground water model which has taken longer to complete than was anticipated by our contractor. As a result, SFC will not be able to meet the committed date of 3/1/05. I expect the draft report describing the modeling effort to be ready for our review by 3/7/05. It is my intent to submit the report along with responses to your request within one week of receipt of the draft report from our contractor, which is 3/14/05.

If you have any questions, don't hesitate to call me at (918) 489-5511, ext. 14.

Sincerely,

Craig Harlin
Vice President
