

March 14, 2005

Mr. Ralph Moore  
Assistant Superintendent of Administration  
Louisa County Public School  
P.O. Box 7  
Mineral, VA 23117

SUBJECT: APPRECIATION FOR THE SUPPORT FOR THE U.S. NUCLEAR  
REGULATORY COMMISSION'S PUBLIC MEETING

Dear Mr. Moore:

I would like to express my appreciation for the exceptional support provided by your staff during the U.S. Nuclear Regulatory Commission's (NRC) recent public meeting on the draft environmental impact statement for the North Anna Early Site Permit. We had an opportunity to work with Ms. Colvin who was very helpful in arranging the meeting logistics including rescheduling the meeting for a later date due to inclement weather. The Forum at the Middle School is a very nice facility and was able to accommodate an unusually large number of people. In fact, over 300 people attended this meeting. At the meeting, Ms. Lane was there to help us with whatever we needed to ensure the meeting ran smoothly. Due to the large number of people who spoke at the meeting, the meeting ran longer than originally scheduled. Ms. Lane stayed late to support us, so that people could have a chance to speak. I truly appreciate the effort put forth by your staff. The Louisa County Police Department also provided exceptional service. The officers were professional and courteous. It was a true public service to make your school available for this meeting so that the public could express their comments. The meeting was a success in no small part because of the efforts of your staff.

Sincerely,

/RA/

Jack Cushing, Senior Project Manager  
Environmental Section  
License Renewal and Environmental Impacts Program  
Division of Regulatory Improvement Programs  
Office of Nuclear Reactor Regulation
