FLORIDA POWER & LIGHT COMPANY
ST. LUCIE PLANT
NRC EXIT INTERVIEW
HELD AT 10:00 O'CLOCK A.M.
THURSDAY, MARCH 13, 1980

Attendees:	N. G. Roos	-	FP&L - QC
	D. M. Montgomery	-	NRC - RII
	R. E. Cox	-	FP&L - Chemistry
	R. J. Frechette	-	FP&L - Chemistry Supervisor
	R. R. Jennings	-	FP&L - Technical Supervisor
	J. H. Barrow	-	FP&L - Operations Supt.

Mr. Montgomery compared various results of samples for radioactivity between the Chemistry Department and the NRC. Results were in close agreement.

Mr. Montgomery discussed various aspects of equipment checks and calibrations. These items were discussed with Mr. Frechette prior to the meeting and will be implemented as appropriate. Mr. Montgomery also obtained copies of procedures for review in Atlanta.

Meeting adjourned.
