**SUMMARY**

We have reviewed your application dated August 26, 2004, and your letter dated August 25, 2004, requesting renewal of your byproduct materials license and find that we need additional information as follows:

1. *OK,* Your application directs us to delete Drs. Manukbay and Massarat as authorized users. However, it does not direct us to retain Dr. Hazel by name as an authorized user. In response, please confirm that you wish to retain Dr. Hazel as an authorized user.
2. *OK,* Item 11 of your application, "Waste Management" is marked "NA," for "not applicable." This is incorrect. We will be unable to issue your renewed license without a "Waste Management" commitment. Please respond by making a commitment for "Waste Management." If you wish you simply commit to the standard response provided in Table C.3, Item 11 by checking the box next to the commitment.

The following is standard notification language that does not require a response.

Please note that on October 25, 2004, the NRC suspended public access to ADAMS, and initiated an additional security review of publicly available documents to ensure that potentially sensitive information is removed from the ADAMS database accessible through the NRC's web site. Interested members of the public may obtain copies of the referenced documents for review and/or copying by contacting the Public Document Room pending resumption of public access to ADAMS.

The NRC Public Document Room is located at NRC Headquarters in Rockville, MD, and can be contacted at 800-397-4209 or 301-415-4737 or [pdr@nrc.gov](mailto:pdr@nrc.gov).
