MEMORANDUM TO: Frederick D. Brown, Section Chief  
Project Management Section A  
Licensing and Inspection Directorate  
Division of High-Level Waste Repository Safety, NMSS

FROM: C. William Reamer, Director **/RA/**  
Division of High-Level Waste Repository Safety, NMSS

SUBJECT: CERTIFICATION OF HIGH-LEVEL WASTE REPOSITORY LICENSE  
TECHNICAL REVIEWER QUALIFICATION

Pursuant to the U.S. Nuclear Regulatory Commission (NRC) Manual Chapter 1246, an examination and review of your training records and qualification journal were completed to determine whether you meet the requirements for being certified as a qualified NRC high-level waste (HLW) repository technical reviewer. Based upon this examination, I have determined that you meet the qualification requirements, and are therefore certified as having successfully completed the NRC HLW technical reviewer qualification program.
